IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Dear Water Consumer:

The Ringwood Water Department purchases water from the North Jersey District Water Supply Commission (NJDWSC). Recently we received a notice from NJDWSC that they were in violation of a treatment technique in which they did not comply with the filtration requirements. More specifically, the turbidity exceeded 1 Nephelometric Turbidity Units in representative samples of the Combined Filter Effluent water. This violation occurred on May 4th and May 5th 2019. As a result the Ringwood Water department is required to notify our customers of their violation. Please read the enclosed Public Notice from NJDWSC for further information.

For more information, please contact Douglas Edler at 973-475-7151.

**Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses.) You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Ringwood Water Department, PWS ID# NJ1611002

Date distributed: May 28, 2019

Regards,

Douglas Edler
Water Operator
