Certification of Highlands Exemption #5

Date: _____

Owner: _____

Property Address: _____

Block: _____ Lot: _____

Description of Project: _____

The aforementioned project is located wholly within the Highlands Preservation Area and Highlands regulations restrict development. However, the Highlands Rules at N.J.A.C 7:38-2.3 set forth various exemptions. Borough of Ringwood tax records indicate that this dwelling was in existence prior to August 10, 2004 and, therefore, qualifies for **Exemption #5** defined as: "**Any improvement to a lawfully existing single-family dwelling in existence on August 10, 2004, including but not limited to an addition, garage, shed, driveway, porch, deck, patio, swimming pool, or septic system, as long as the improvement maintains the use as a single-family dwelling as defined by code or ordinance in the municipality in which the dwelling is located and does not permit use of the structure as a multiple until dwelling.**"

Therefore, the proposed Project is deemed **exempt** from the provisions of the Highlands Rules, subject to the following limitation (s):

"If the Borough of Ringwood subsequently determines the information submitted to obtain this decision is inaccurate, the exemption shall be void."

This exemption determination is limited to the land area and specific scope of the activities described herein or as shown on a survey of the property. This determination does not eliminate the need for any permits, approvals, or certifications required by any other Federal, State, County, or municipal review agency with jurisdiction over this activity, including, but not limited to, freshwater wetlands or flood hazard permits or review of storm-water management.
